PPHI SINDH

Redefining Primary Healthcare

Situation Report: Coronavirus (COVID-19) Outbreak

Reporting Period: 25 April – 3 May 2020

PPHI Sindh's major activities during the reporting period 25 April to 3 May 2020 in response to COVID–19 in 24 districts of Sindh:

- Established **630** desks for screening at **1,238** PPHI Sindh health facilities
- Referred **11** suspected cases by PPHI Sindh's Health Facilities (HFs) to District ER Team
- Dedicated **510** staff members of PPHI Sindh involved in screening at centres of PPHI Sindh
- Disinfected **431** HFs and ambulances with chlorinated water
- Introduced physical distancing measures at **958** HFs to prevent spreading

- Organised **184** Health Education Session by Social Organisers on loud speaker within the community to spread awareness on COVID-19 including hand washing techniques, social distancing and what to do if COVID-19 symptoms appear
- Assigned **85** MOs, **three** FMOs, **69** paramedics and **33** Auxiliary staff members of PPHI Sindh at **Government's Quarantine and Isolation Centres**

Isolation Ward Established:

PPHI Sindh continues to provide quality healthcare services at all its health facilities in the midst of coronavirus pandemic. The management at all levels is ensuring all the necessary SOPs made compulsory by Department of Health (DoH), Government of Sindh (GoS). PPHI Sindh has also established a 30-bedded Isolation Ward at DHQ Mirpurkhas to assist the Health Department in managing the COVID-19 positive patients.

Coronavirus Testing Started:

PPHI Sindh has also started testing for Coronavirus in its Hyderabad District Laboratory. A total of 1,000 kits were received from the DoH, GoS during last week. A training was conducted for the lab staff on how to conduct the tests and personal safety as well. All the employees working in the lab were provided complete PPE. So far, 51 people have been tested in PPHI Sindh's Lab. Fortunately, none of the results came positive.
